# THE MARGI HOTEL

Health and wellbeing has been more essential in our lives and we take this in mind while you are on a business trip.

In Margi SPA, inspired by the farm, exclusive therapies are created by combining natural products and philosophies from two of the oldest civilizations in the world- Ancient Greece and from the Indus Valley.

On the other hand the Fitness Suite offers luxurious comfort and space to have your personal work out while watching the peaceful pine forest

# Our Program Proposal

## Day 01      Arrive in Athens

Greece in Style representative will welcome you at Athens Eleftherios Venizelos Airport and walk you to the luxury mini van, which was thoroughly cleaned, disinfected and sterilized with special emphasis on surfaces that passengers touch systematically, such as headrests and handles

Our ride to Margi Hotel will take approximately 25 minutes.

The official check-in time starts at 3pm so that rooms can be thoroughly cleaned and disinfected and aired out through natural ventilation between two stays.

In order to limit and avoid possible crowds at reception, private check-in area will be allocated to our group, to distribute as fast as possible the disinfected key cards and mini hygiene package including masks and hand sanitizer.

A Mediterranean style welcome proposal for the afternoon:

**Sunset Cruise on Prince of Athens Yacht with Cocktail on board  
followed by dinner at Four Seasons Astir Hotel**

Embark on the yacht from Astir Marina.

Boat ride for about 2 hours along the Athens Riviera, passing around Arsida and Fleves island with possibilities of swimming breaks.

Sunset cruising will go on with open bar and DJ on board while heading back towards Four Seasons pier

Disembark at Four Seasons Astir Hotel for a fine dining dinner at one of the two top posh restaurants within hotel premises.

### **Our first suggestion is the BEEFBAR**

Born in Monte Carlo, Beefbar by Riccardo Giraudi reflects a cosmopolitan culture full of contrasts.

From Monte-Carlo to sunny Athens, Beefbar unveils new ways to enjoy exclusive & international beef, revealing the best meat origins and cuts in the world, and sublimates international and local recipes to create iconic dishes: Grilled, in street food, raw... discover the best meats from all over the world in a unique setting.

## Our second suggestion is **MATSUHISA ATHENS**

Home of the world famous Nobu cuisine, the restaurant Matsuhisa Athens has brought the quiet power of Japanese culture and the charm of fusion philosophy to the gastronomic map of Athens.

Experience the world famous Nobu cuisine by famous Chef Nobu Matsuhisa in Athens, by enjoying your own private Sushi Bar and Sushi Chef in the private Dining Lounge on upper floor of the restaurant.

## Day 02      Athens

Breakfast at hotel followed by Half Day Meeting.  
Lunch will be served at hotel.

Our first proposal for the afternoon is to introduce the Urban Culture & History of Athens City:

### **Highlights of Athens including guided visit to Acropolis followed by dinner in the city at Michelin-Star Hytra Restaurant**

We will have a 30 minutes ride to the city center. Upon arrival in Athens center, we have a short **Panoramic City Tour**; starting with **Panathinaic Stadium**, where the first Olympic Games took place in 1896, passing in front of the building of the **Megaron Concert Hall** and admiring the neoclassical buildings such as the **National Library**, the **National & Kapodistrian University of Athens** and the building of the **National Bank of Greece**. We will continue to the recently renovated **Omonoia Square**. to **Parliament and Constitution square (Syntagma)** to see the Tomb of the Unknown soldier. Behind that comes the **National Gardens** which was formerly The Kings Garden, like a tropical paradise right in the middle of the concrete jungle of Athens. Finally, we get off the bus in the entrance of Plaka, where we will see **Arch of Hadrian** and the **Temple of Zeus** from outside.

Then we continue our tour on foot.

The history of the **Acropolis of Athens** is long, with great moments, when democracy, science, philosophy and art flourished leading to its creation. The Acropolis, and the Parthenon in particular, is the most characteristic monument of the ancient Greek civilization. It continues to stand as a symbol in many ways: it is the symbol of democracy, the symbol of the Greek civilization. It is the symbol of Western civilization and European unity.

We will have free time in **Plaka** to stroll around in the oldest neighbourhood in Athens, before getting on the bus for a short ride to our restaurant.

## Dinner at Hytra Restaurant

High quality service and hospitality through a number of different services, the creation of a high aesthetic, warm and homely atmosphere, the continuous update and development in the approach to the concept of food, and the emergence of Greek cuisine through Greek raw materials and recipes, are the main components of the "Hytra Experience", a culinary journey creating unique memories for our guests.

Hytra, Michelin-Star Restaurant, has developed its culinary identity based on the approach and the redefinition of the rich cultural heritage of Greek gastronomy by giving a contemporary expression in execution and the presentation of dishes.

Our alternative proposal for the afternoon is to discover more of coastal Athens with a Historical touch:

**Cape Sounio Ride including guided visit to Temple of Poseidon  
followed by dinner at a traditional fish taverna**

The dramatic coastal location of **Cape Sounio** was an ideal spot for a Temple of Poseidon, god of the sea. Standing atop sheer cliffs overlooking the Aegean Sea, the marble temple has served as a landmark for sailors from ancient times to today. The "sanctuary of Sounion" is first mentioned in the Odyssey, as the place where Menelaus stopped during his return from Troy to bury his helmsman, Phrontes Onetorides."

We will visit the **Temple of Poseidon** during sunset with amazing views.

Dinner will be at a small sea front **Fish Taverna**, sitting on the edge of the bay with amazing views of the Saronic Gulf.

Different than other nights, here you will enjoy the modest, relaxed and traditional as well as mouthwatering delicacies of a Mediterranean seafood feast accompanied by Ouzo. The menu is based on fresh fish, along with tasty salads, sea food and vegetarian meze options.

Breakfast at hotel followed by Half Day Meeting.

For the afternoon program with lunch, we have two propositions:

Our first proposition is a Rural Experience:

### **Visit to Margi Farm including a From-Farm-to-Fork Lunch**

The Margi Farm, a real relaxation paradise for nature lovers, is a 20,000 square meters rich land, surrounded by vineyards and olive trees, producing excellent quality organic vegetables and fruit, extra virgin oil, eggs and cheese.

We will be accompanied for a walk around the vegetable garden, get the chance to pick some vegetables, feed the animals, see Billy – the rescue donkey, watch a live cooking demonstration, have a Greek BBQ dining experience based on vegetables in season grown at the farm.

Lunch will be in the garden of the farm, cooked following the Farm's philosophy of using only high-quality raw materials, organic and seasonal ingredients to highlight the special features of Greek cuisine and local products.

Besides the all-year activities such as cooking workshops, olive oil tasting or wine tasting, there are also seasonal activities which can be organized for your group to cherish more this experience of food, wine and farm life; such as grape picking and pressing, Tsipouro distillation, olive picking and oil production, tree pruning, vegetable planting etc.

Our alternative proposition is for Nature Meditation:

### **Vouliagmeni Lake Prive area with light lunch**

Vouliagmeni Lake, in the heart of the Athenian Riviera, is the hidden treasure of Attica's nature. Situated on an idyllic landscape, this rare geological phenomenon is waiting to be discovered. The lake's brackish waters which are continuously replenished both by the sea and the underground thermal springs offer a natural and unique thermal spa experience.

Prive Area of the lake, will be specially designed for your group to isolate from the crowds and enjoy moments of relaxation, with comfortable sunbeds and deck chairs, private service, a variety of delicious menus and special cocktails...

We will be offering exclusive use of the deck below the prive area with direct access to the lake for swimming. The area will be decorated as per your group's wish with sunbeds, chaise lounges / coffee tables / poufs, cabanas etc. Of course, lifeguard and medical services will be available. For further interest, activities inspired by nature such as snorkeling, stretching or yoga can be organized.

Return back to hotel to refresh and get ready for your farewell dinner!

### **Exclusive Dinner at Margi Villa**

With spectacular views of the Aegean Sea, the Margi's beachfront Villa offers a total of 200 sqm including 4 bedrooms, 4 bathrooms and two main areas, interior living room and outdoor living-dining room in the spacious courtyard for the most suitable set up for your group's farewell dinner.

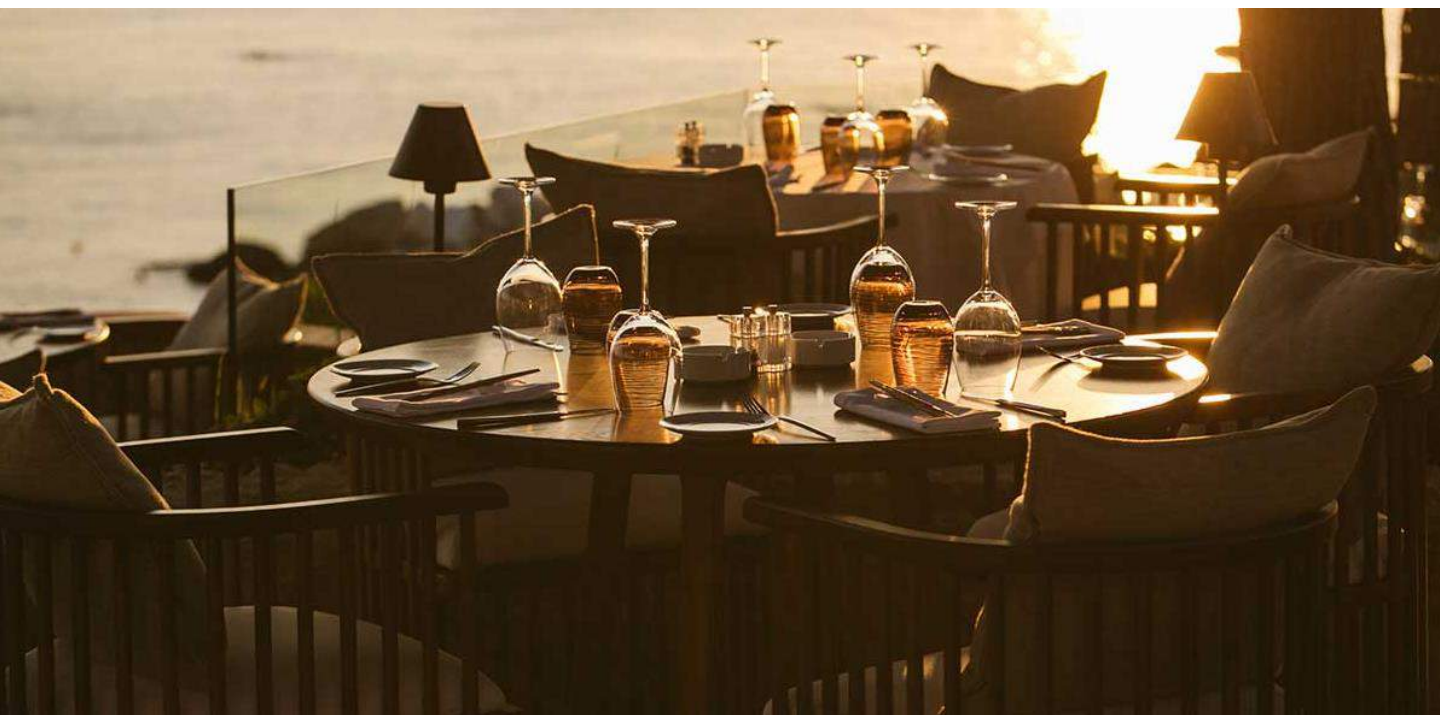

The Villa is located only 1 km from the hotel, giving the guests unparalleled access to the sea.

Weather permitting, outdoors, guests can dine alfresco on the spacious patio, simply savor the sunset on the chic outdoor furnishings, whereas Indoors, guests can lounge in the elegant living room with its floor to ceiling windows, enjoying their private chef creating a delectable dining experience.

## **An alternative dining option: Ithaki Restaurant**

Being one of the finest awarded restaurants, Ithaki Restaurant bar provides to its customers a completely unique gastronomical experience with a strict selection of ingredients and respect for their preparation. A restaurant full of history that never stops improving. The menu is based on fresh fish and sea food, accompanied by carefully selected and hand picked one by one wines, with flavors and tastes that “appear” even more when being combined with the unique menu creations..

Today is the departure day. According to the flight time, we suggest a pit stop at a famous winery in Attika region on the way to the airport.

**Famed Attica Vine**, a land which is truly special and blessed by the gods; and surrounded by the sea which protects and nurtures it. **Papagiannakos Winery** is the first winery especially designed and built in Greece according to innovative bioclimatic standards, and which most clearly marks a new era. Set among vines, the site on which the Winery has been built is that of an old monastery and is located in the heart of the plain of the Attican Vineyards.

After tour of the winery and wine tasting accompanied by snacks, we will proceed to the airport for the return flight home.
